Test Cases 2

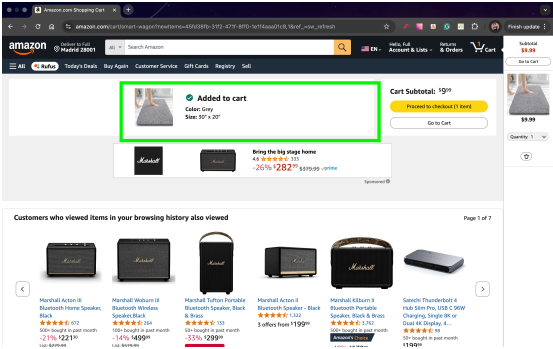

C21: Verify items added to the cart appear correctly

Type	Priority	Estimate	References
Functional	Critical	None	None
Automation Type			
None			

Preconditions

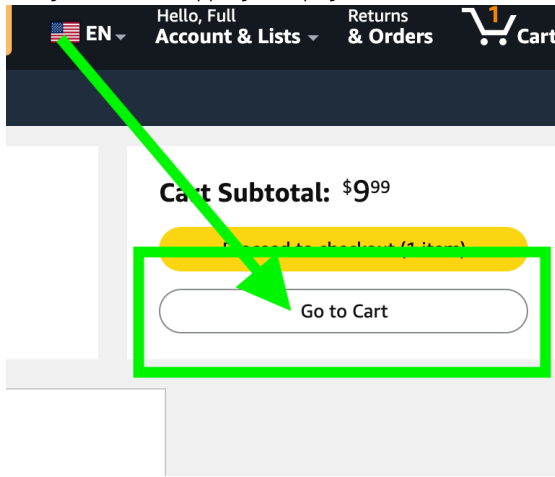

The user is registered and logged in.
The user is on the product detail page.

Steps

1	Select a product on the product detail page.	The product page is displayed.
2	Click the "Add to cart" button.	<div>A confirmation message appears in the shopping cart with the correct name, quantity, and price.</div> 

3

Navigate to the shopping cart page.

The selected product appears in the shopping cart with the correct name, quantity, and price.

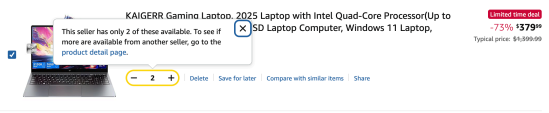

C22: Check the maximum number of items that can be added to the cart

Type	Priority	Estimate	References
Functional	Critical	None	None
Automation Type			
None			

Preconditions

The user is registered and logged in.
The user is on the product detail page.

Steps

1	Select a product on the product detail page.	The product is added to the cart.
2	Attempt to add the product to the cart repeatedly until reaching the maximum allowed quantity.	<div>The system allows adding products up to the maximum quantity.</div> <div></div>
3	Observe the system's behavior after reaching the maximum quantity.	<div>An error or warning message appears when the user attempts to exceed the limit</div> <div></div>
